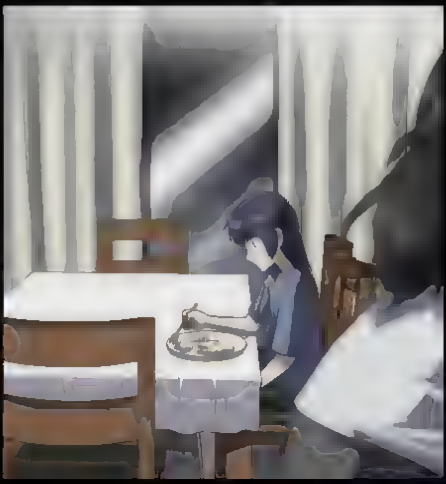
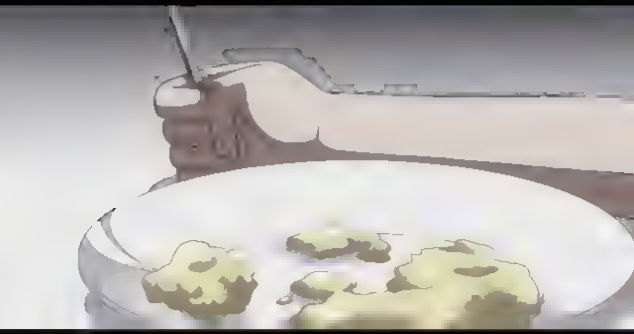
Assistance MOMOREN

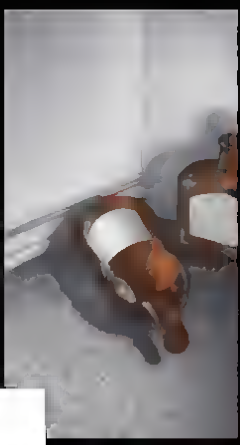
Dad...

He couldn't recover with mother's death.



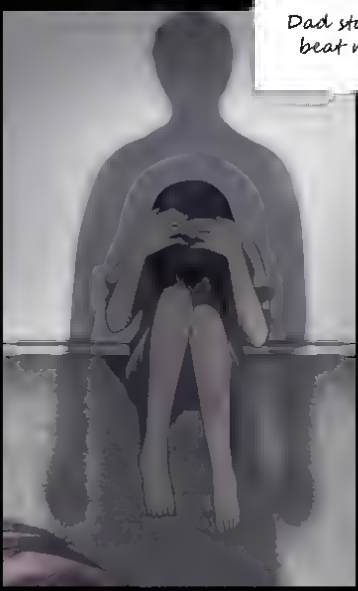


I started to hate the house.



One day,

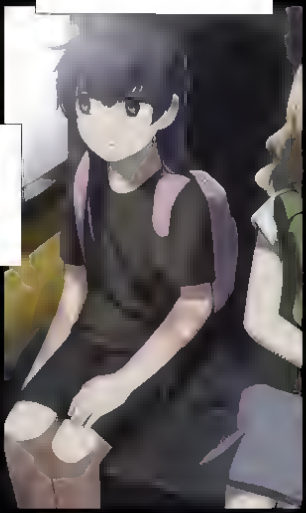
Dad started to beat me up



That's right; dad was completely broken.

It was like if these wounds remind me

That dad's not going to be the same as before.

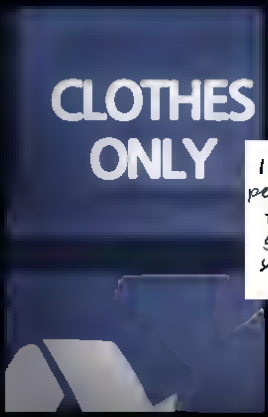


Sophie, and those wounds?

You always have that

Sophie: Someone is bothering you? It's ok, you can trust me.
I'm worried, since you always have scars.

In order to cover the scars, I started wearing clothes with long sleeves.
But I had no money to buy new clothes...
CLOTHES ONLY
CLOTHING BANK



I had heard that people throw away their clothes in good condition, so I started using those.

Luckily, he didn't hit me in the face.

So there was no need to cover it

People say that my face looks a lot like my mom

I was still seeing those angels

And they were still wandering around me.

My dad had stopped asking me for them.

I don't need this kind of father.

I prefer that he doesn't exist from this world... From the beginning if it's possible

My dad

My dad...

What happened with my dad?

Demons have more power over the humans.

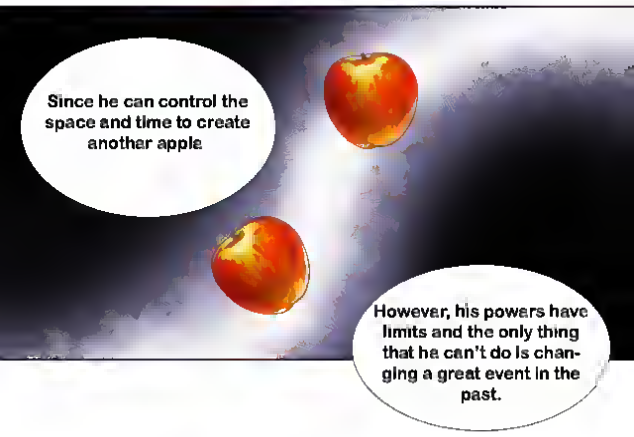
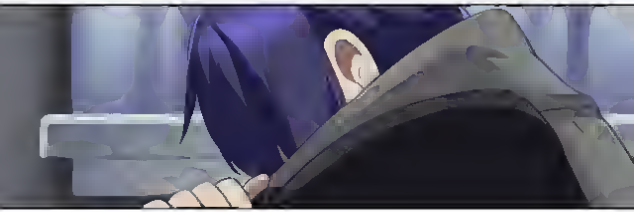
"What would happen if there's another apple like this?"
He can make that possible



Since he can control the space and time to create another apple
However, his powers have limits and the only thing that he can't do is changing a great event in the past.



I...

I told him that it would be better to not have a father like him.

You screwed up...

What are you looking at? Come on.

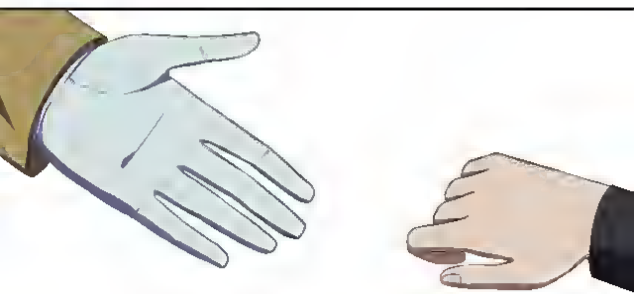
What. the.
That looked like a magical transformation from a Japanese Anime.

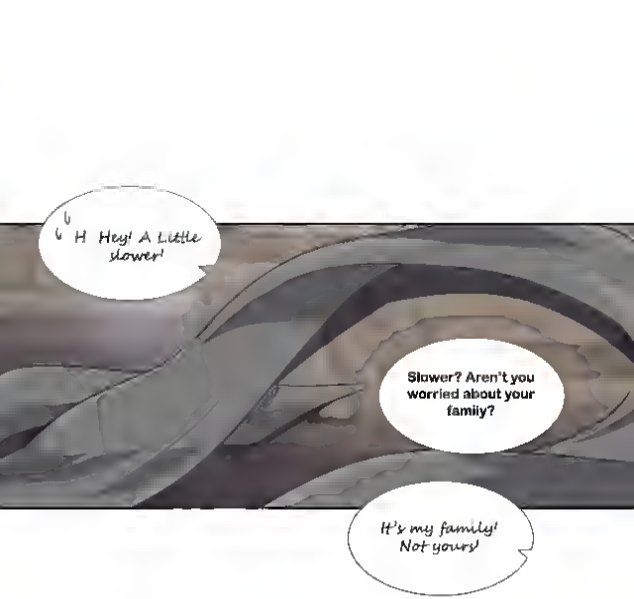
Humans really like the magic... Where the hell do you see that this is magic? This is the result of science and technology.

With this costume, any human can see me.
Let's go.

.....
I can't understand anything about this

...But





H Hey! A Little slower!
Slower? Aren't you worried about your family?
It's my family! Not yours!
